Career Objective

Software Development Intern position with focus on Web, Mobile, and Backend Engineering. Eager to apply knowledge in Java, JavaScript, TypeScript, Python, Swift, SQL/NoSQL, APIs, and Agile methodologies in real-world projects.

Professional Summary

• Systems Analysis and Development student focused on Full-Stack and Mobile Development.

• Hands-on experience in Java, JavaScript, TypeScript, Python, Swift, React, Node.js, SQL/NoSQL, REST APIs.

• Experience building personal and academic projects using Scrum, Git, and GitHub.

• Background in Data and Metrics Analysis, bringing an analytical and results-driven approach.

• Advanced English proficiency with international experience in USA.

Core Skills & Technologies

Languages: Java, JavaScript, TypeScript, Python, Swift

Frameworks & Tools: React, Node.js, HTML, CSS, Tailwind CSS, Docker, Git/GitHub

Databases: SQL, NoSQL

Cloud: AWS

Methodologies: Scrum, Kanban, Programming Logic, Version Control

Projects

• CarePulse – Web app for health monitoring with focus on UX and responsiveness.
Technologies: HTML, CSS, JavaScript | GitHub: github.com/renatarsilva/carepulse

• Hogwarts Experience – Themed interactive project simulating Hogwarts website. Technologies: HTML, CSS, JavaScript | GitHub: github.com/renatarsilva/hogwarts

• Secret Friend Challenge – Web app with random draw and user-friendly interface. Technologies: HTML, CSS, JavaScript | GitHub: github.com/renatarsilva/oracle-one-desafio-amigo-secreto

• Swift Mobile Project (In Progress) – To-do list app with local persistence. Technologies: Swift | GitHub: github.com/Renatarsilva

• Java Projects (Academic) – Algorithms, data structures, and small applications. GitHub: github.com/Renatarsilva

Education

Associate Degree in Systems Analysis and Development – SENAC (02/2025 – 06/2027, in progress)

Bachelor's in Business Administration with emphasis in Data Analysis & Big Data – USJT (06/2017 – 06/2021)

Courses & Certifications

• Oracle ONE – Programming Logic and Back-End (700h – In progress)

• Python – SENAI Ary Torres (60h – 06/2025)

• Database Foundations & Database Programming with SQL – Oracle Academy (06/2025)

• Applied Logical Reasoning – SENAC (24h – 05/2025)

Professional Experience

Media & Data Analyst – WPP (09/2021 – 11/2024)

• Analyzed KPIs and developed strategic reports for global brands.

• Optimized digital campaigns, improving performance by 15%.

• Automated and standardized data processes, reducing manual work by 30%.

Financial Administrator – NBL Contabilidade (02/2018 – 11/2020)

• Managed financial and budget control for multiple clients.

• Developed spreadsheets and dashboards, cutting execution errors by 20%.

Volunteer Experience

Moderator – Forja Dev Community (02/2024 – Present)

• Supporting and engaging a community of 2,000+ developers.

• Organizing events and promoting collaborative learning.

International Experience

Au Pair – AuPairCare (USA) (06/2022 – 03/2023)

• Gained international experience, improving English fluency and interpersonal skills.
